

Physical Security for Bioscience Laboratories

ABSA Pre-Conference Course
1 pm – 5 pm, October 07, 2007
Nashville, Tennessee

1:00 – 01:15	Welcome, Introductions, Course overview
01:15 – 01:30	Risk Assessment as a Foundation for Physical Security
01:30 – 02:00	Principles of Design for a Physical Security System for Bioscience Laboratories
02:00 – 02:40	Elements of Physical Security Systems I: Access controls
02:40 – 02:50	Break
02:50 – 03:30	Elements of Physical Security Systems II: Intrusion detection, alarm communication and assessment, Delay, and alarm response
03:30 – 04:15	Small Group Exercise: Designing a Physical Security System
04:15 – 05:00	Small Group Presentations & Final Discussion
05:00	Adjourn

Supporting Material:
Example Testing Protocol for Access Control System
Example Data Sheet for Testing Access Control System
